

2012 Joint Conference *Satellites in the Service of Humanity*

September 24-27, 2012 - The Westin Ottawa - Ottawa, Canada

10th BroadSky Workshop

"SPACE ROBOTICS AND APPLICATIONS"

The Workshop will present ongoing activities and technologies, and also look to the future, by identifying the latest research and development programs on robotics and related technologies that can support activities in space such as docking, construction, exploration, maintenance and so on.

The **Workshop** is organized by **NICT**, the National Institute of Information and Communications Technology of Japan.

Workshop Chair

Hajime Fukuchi, Tokyo Metropolitan University, Japan

Vice Chair

Naoto Kadowaki, National Institute of Information and Communications Technology, Japan

Technical Committee

Naoko Yoshimura, National Institute of Information and Communications Technology, Japan

Yoshihisa Takayama, National Institute of Information and Communications Technology, Japan

Morio Toyoshima, National Institute of Information and Communications Technology, Japan

Frank Gargione, Satellite Systems Consultant, USA

Secretariat

Naoko Yoshimura, National Institute of Information and Communications Technology, Japan

Clotilde Canepa Fertini, FGM Events LLC, Italy
